

## 2007 North Central Conference Final Itinerary Decision

Recently, the 2007 Conference Planning Committee met to discuss the possibility of hosting the Concrete Canoe races in Houghton. Members of the committee spoke with officials at the local US Coast Guard base about the possibility of having open water on the second of April. Based on historical data, they gave us a 5% chance of having open water.

**With this in mind we have officially decided to move the Concrete Canoe races to Haithco Recreation Area.** It is our hope that by making this decision earlier some of the confusion and complications regarding the proposed schedule will be eliminated.

This document serves as your official notification that Plan B will be implemented. Please inform all involved parties of this decision. You will not receive further reminders that this resolution has been made.

We would like to remind all teams that each team is responsible for canceling any unneeded hotel accommodations. The Conference Planning Committee is NOT responsible for completing this task.

Included in this mailer is a copy of the itinerary reflecting the updated changes. No other information has been altered.

The Conference Planning Committee would like to thank you for your cooperation and looks forward to seeing you on March 31<sup>st</sup>!
